

ALFIE GREEN: EXPLORING ARCANIA

Alfie is taking you and your class on a tour of Arcania. In your copybook write a list of places you would like to see and why. Keep a record of the places you visit and mark your route on the map above.

Write an account of your visit in your copy book. What was your favourite place and why? Write the answer in your copybook and add as many illustrations as you can because cameras do not work in Arcania and every picture will have to be drawn by you.

Arcania is still not completely explored and you will certainly encounter strange creatures. Can you discover three new plants and three new animals? Make a list of anything you find in your copybook. Don't forget to mark where you found them on the map so that you and Alfie can see them again the next time you are in Arcania.
