

# THE STORY OF IRELAND

## To School: Activity 3

Prepare a questionnaire for your parents and/or your grandparents to ask them what school was like for them when they were your age. Write your questions in the box below.

Are there any old photos or copybooks that would give you an idea of what was taught and how it was taught. If you can get a copy of an old atlas (about 20 years old), it will be very interesting to compare the names of some of the countries from the atlas that you are using today in class. Can you see that many countries have changed names and some have even disappeared? Why do you think that this is so?
