ACTIVITY SHEET NO 6

4. How do you know that Katie used too much flour?

5. Do you think it was a good idea for Katie to add a mugful of washing-up water to her mixture? Give a reason to support your answer.

1. Why wouldn't Katie's icing mixture stick to the cake?

2. What did Katie decide to add to her mixture to make it stick better?

3. Look very carefully at the illustration on this page. Five different types of food can be seen in the picture. Can you list at least four of them?
