

# ACTIVITY SHEET 6

## CATERPILLAR CAKE

Ingredients:

- one Swiss roll
- 100g cooking chocolate
- smarties or chocolate buttons
- chocolate matchsticks or similar chocolate fingers

Method:

1. With an adult's help, melt the chocolate in a glass bowl which has been placed in a saucepan of hot water, or in the oven. You might also melt the chocolate in a bowl in the microwave.
2. Smear the melted chocolate all over the Swiss roll, taking care to cover both ends.
3. Add a face to one end of the roll using the smarties or chocolate buttons. You can decorate your caterpillar's body with these too.
4. Use two whole chocolate matchsticks for antennae. Enjoy eating your caterpillar cake.
